Head Teacher: **Ms V Sengupta**

BA Hons, PGCE, NPQH

Thursday 10th November 2016,

As part of Careers Week year 6 pupils will be visited by a Forensic Criminologist student on Monday 14th November. She aims to introduce the children to forensic science and have some fun with it.

The children will be shown different methods on how to retrieve finger prints. All equipment used will be unarmful to the children. All samples will be destroyed or the children will have the option to take their own finger prints home with them.

If you do not wish for your child to take part please can you notify the class teacher by returning the slip attached.

Yours Sincerely

Mrs B McKenzie

Deputy Head Teacher

Name of child _____ Class _____

I do not wish my child to take part in an activity that would involve their finger print.

Name of Parent _____

Signed _____
