Dietary requirements and Individual menu plans

Dear Parents/Carers

As a school we are working very closely with our caterers, Harrison to offer our pupils a healthy, nutritious and balanced diet. In line with this ethos we are reviewing our pupil data to ensure that any pupil who has a specific or medically diagnosed dietary need is catered for.

In order for us to keep our records up to date we are asking parents/carers to complete the attached slip below, outlining menu specific dietary needs and return it to the school office by 13th October. Please note that this is a checking procedure only so we are cross referencing the information you provide us with against what we have in our system.

In addition to this we want to bring to your attention that Harrison's can provide individual menu plans for pupils with medically diagnosed dietary requirements. **Please do note that in order to be eligible for this, your child must have medical evidence from a doctor or GP highlighting the exact nature of the condition and why an individual menu plan would be required.**

Yours Sincerely,

Mrs B. McKenzie

Head Teacher
