

Upland Primary School

'Working Together, Learning Together, Achieving Together'

Church Road
Bexleyheath DA7 4DG

Dear parents/carers

Parent workshop – social media and gaming

In this digital age, our children are finding it much easier to access the internet and social media platforms via smartphones, tablets and PC's.

To celebrate the many positives of the internet and to raise awareness of the issues that children and young people face online today, we will be hosting a social media and gaming workshop for parents and carers of children in Years 5 and 6.

The session will provide practical advice and safety tips to help manage online safety issues.

The session will be held at Upland on Thursday 22nd November at 3.30pm and will last for one hour.

If you need to bring school-age children are with you, there will be provision for them duration the workshop but please do note that we are not able to offer provisions for toddlers and smaller children.

We believe that internet-safety education is a crucial element of the curriculum and an essential part of young people's development. This session is designed to help you to become more aware of the safety messages that your children receive in school in order to reinforce them in your home environment.

To indicate your attendance, please return the completed slip to the school office no later than Monday 5th November.

Yours faithfully,

Mr R Howard

Designated Safeguarding Lead
