

Unity Academy Trust

Scheme of Delegation

February 2017

Vision and Aims

The vision of Unity Academy Trust is to provide children with the skills in order to develop academically, physically, socially, mentally and creatively so that they are well rounded individuals ready for the world beyond Primary School.

This will be achieved by ensuring that all children are developed within caring and safe environments.

Aims

Unity Academy Trust main aims are:

- Build a community of schools in order to provide quality education for all.
- Work in collaborative partnership with all of the communities
- Ensure that all children and adults are safe, healthy and protected.
- Improve and develop the quality of teaching across the community of schools.
- Improve and develop the quality of leadership across the community of schools.
- Improve and develop the curriculum and make it relevant for all children
- Be creative and take appropriate risks.
- Promote high standards of behaviour and attendance.
- Promote mutual respect through a shared understanding of equality and diversity
- Provide quality CPD for all staff across the community of schools.
- Recruit and retain dedicated quality staff

Delegation of functions in accordance with those Aims

A multi academy trust's (MAT) board of Trustees is accountable in law for all decisions about its academies. However, this does not mean that the board is required to make all the decisions. While the board cannot ever delegate its accountability, it can delegate some of the detailed scrutiny, oversight and decision making. Many decisions will be delegated to local governing bodies, to the Executive Headteacher and to board committees, where they exist.

A chart showing the governance structure is at Appendix 1.

Unity Academy Trust's starting point is therefore that there is full delegation to each Local Governing Board. This scheme sets out how that delegation is put into place, so that within the legal structure within which we operate, it is clear that the local governing bodies and the Executive Headteacher and other senior staff leaders have the power that they need to act on the Trustees' behalf.

This document will be complemented by a written Scheme of Delegation of financial powers meeting the requirements of the Academies Financial Handbook.

There will be a need to streamline procedures across each layer of governance so that there is no duplication of effort, for example by rewriting reports in different formats. This may result in some changes in practice, but not in the level at which decisions are taken. LGBs will be invited to bring issues to the attention of the Trustees, in particular through an addendum to their minutes.

Unity Academy Trust begins with the principle that all academies will have a Local Governing Board to which a wide range of decisions are delegated. That will include scrutiny and monitoring of the performance of the academy and its Headteacher, its pupils' outcomes and the quality of teaching and learning; ensuring compliance with trust policies; decisions about how the academy's budget is to be spent within any parameters set by the Trustees and determining, sustaining and celebrating the ethos and character of their academy.

Responsibilities and Future Composition of Local Governing Board (LGB)

Local Governing Boards (LGB) responsibilities may include deciding certain policies, monitoring whether the school is working within the agreed trust and statutory policies, whether standards are being met and if money is being well spent. The LGB will use its detailed knowledge and engagement with stakeholders to ensure that its school is being well served by the executive leadership and, as a board committee, has direct access to the board if there are concerns. They will contribute fresh ideas and ways of thinking in contributing to new policies and sharing of best practice.

As schools join the Trust, existing LGBs and their governors will transfer to the new structure as they are. Any governors who are appointed as Trustees will resign from the LGB as soon as a replacement can be found so that there is no conflict of interest.

From that point, where LGBs need to appoint new governors, the Trustees, in consultation with LGBs will ratify all new governor appointments. Over time the LGB may wish to streamline to a structure of:

- 5 governors appointed by the Trustees – as set out above
- 2 parent governors
- 1 elected staff governor
- The academy headteacher ex officio

The Trustees have the right to appoint additional governors where appropriate and to remove governors if needed.

Within the culture of transparency, the Trustees will expect local governing bodies to identify any issues causing them concern. There will be transparency in reporting about a school - so any advice to Trustees sought from external consultants or NLGs is shared with the school concerned.

At all levels of the trust, including at local level, Governors support the wider work of the Trust. Unity Academy Trust is committed to a continuous process of communication between all levels of Governance.

- School performance
- A recent Ofsted report
- Financial and administrative performance
- Leadership and governance capacity and capability
- Safeguarding and wellbeing concerns
- Health and safety issues
- Any other prevailing issues

Additional support and reduced delegation

Where the Trustees have any concerns about the performance of any of the academies within the trust, their initial response would be to offer support from within the trust – with a view to maintaining current levels of delegation.

In some circumstances the Trustees may appoint additional governors as a means of supporting decision making within schools. However, the Trustees will have the right to determine in certain circumstances that a Local Governing Board should have reduced decision-making powers. This will be unusual. A decision to remove delegated authority from a Local Governing Board will be exceptional.

Factors which may influence the Trustees' decision about the level of delegation to each Local Governing Board include:

Where concerns arise about a school, the LGB will be responsible for addressing them and the Trust's initial response will be to support the LGB. If concerns persisted and limited progress made then Trustees would seek to establish reduced delegation. A process which the Trustees and LGBs would follow in these circumstances is attached as Appendix 2.

Any approach used would be bespoke to each situation. It may be that only some areas have reduced delegation and timeframes could be very different in different circumstances.

Scheme of Delegation Grid

The schedule attached to this scheme as Appendix 3 demonstrates the typical approach to delegation – with the expected arrangement for all Unity Academy Trust academies. Where delegation to the Local Governing Board is significantly reduced some or most of these delegations may be removed. In any individual situation where – following an initial period of support - the Trustees determined to vary delegation, a specific schedule would be set for the circumstances of the school concerned in the form of an action plan, with the aim of returning in time to full delegation again.

Roles and responsibilities

The role of the members

The members of the trust have a different status to Trustees. Originally they were the signatories to the memorandum of association and agreed the trust's first articles of association (a document which outlines the governance structure and how the trust will operate). The articles of association also describe how members are recruited and replaced, and how many of the Trustees the members can appoint to the trust board. The members appoint Trustees to ensure that the trust's charitable object is carried out and so must be able to remove Trustees if they fail to fulfil this responsibility. Accordingly, the Trustee board submits an annual report on the performance of the trust to the members. Members are also responsible for approving any amendments made to the trust's articles of association.

The role of the Trustees

The Trustees are the charity Trustees (within the terms of section 177(1) of the Charities Act 2011) and are responsible for the general control and management of the administration of the trust in accordance with the provisions set out in the memorandum and articles of association. Because Trustees are bound by both charity and company law, the terms 'Trustees' and 'directors' are often used interchangeably. We use the term "Trustee" to match the EFA and DfE current practice.

The board of Trustees is the accountable body for the performance of all schools within the trust and as such must:

1. Ensure clarity of vision, ethos and strategic direction
2. Hold the Executive head to account for the educational performance of the schools and their pupils, and the performance management of staff
3. Oversee the financial performance of the trust and make sure its money is well spent.

The Trustee board is permitted to exercise all the powers of the academy trust. The trust board will delegate to the Executive head responsibility for the day to day operations of the trust. The Trustees can determine whether to delegate any governance functions.

The Trustee board has the right to review and adapt its governance structure at any time which includes removing delegation.

The role of Trust Committees

The Trustees may establish committees either with delegated authority to make decisions or for the purpose of providing advice and support, informing the overall work of the trust board.

(Add terms of reference when appointed.)

The role of Local Governing Bodies

The role of the local governing bodies is set out above. In relation to their school governors must:

1. Ensure clarity of vision, ethos and strategic direction
2. Hold the headteacher to account for the educational performance of the school and the pupils, and the performance management of staff
3. Oversee the financial performance of the school and make sure its money is well spent

The role of the Executive Headteacher

The **Executive Headteacher** has the delegated responsibility for the operation of the trust including the performance of the trust's academies. This means that the **Executive Headteacher** will report to the board on the performance of the trust including on the performance of the trust's schools, although this may be supplemented by monitoring reports from the LGBs.

The **Executive Headteacher** is ““The Accounting Officer “ “r so has overall responsibility for the operation of the academy trust's financial responsibilities and must ensure that the organisation is run with financial effectiveness and stability; avoiding waste and securing value for money. In this role the **Executive Headteacher** will have the power to challenge decisions made by local governing bodies and may seek reconsideration of those decisions.

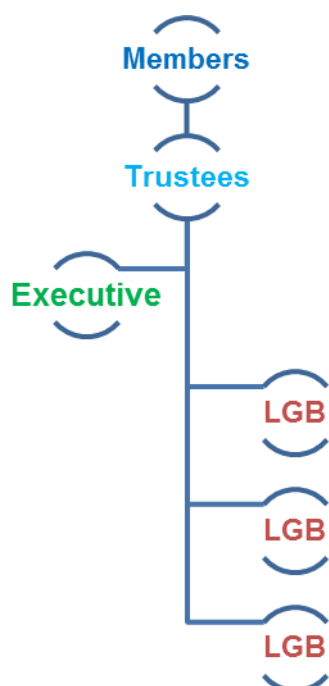

The **Executive Headteacher** leads the senior leadership team of the academy trust, which includes all Headteachers and the Finance Officer/School Business Manager. The **Executive Headteacher** will delegate executive management functions to the executive management team and is accountable to the trust board for the performance of the executive management team. The executive management team will contribute to key educational policy-making decisions, establish collaborative projects and offer and receive mutual support and challenge.

The role of the Academy Headteacher

The academy headteacher is responsible for the day to day management of the academy and may have responsibilities delegated to them by the LGB. The academy headteacher remains the lead professional in the academy and reports to the LGB on matters which have been delegated.

This scheme delegates responsibility for the annual performance management of the academy headteacher to the LGB, to be undertaken in accordance with trust policy and with the involvement of the **Executive Headteacher** and/or an external adviser appointed by the trust board.
